**Dear Sir or Madam,**

It is really admiring that your great team complete the project of Mobilization/Demobilization for three (DQ-011, DQ-012 & DQ-013) rigs from Rumila Oilfield to Khor Alzubier FZE and Re-import them from Khor Alzubier FZE Rumila Oilfield as per your company commitment time deadline. I must appreciate Nahj Alrawan on their achievement. You and your team have done remarkable work. We have noticed that most processes are finished according to the time frame. While having such a busy schedule, it is really commendable that you managed to complete the special approval from different Iraqi government concern sectors, levy exemption process, Customs Clearance, FZE handling process and delivery from /to the jobsite, whole process within your company frame time.

This had been a successful project for all of us with your sincere efforts and hard work. You have really done a great job. Congratulations from all of us.
