Subject: Letter of Appreciation and Recommendation for heavy equipment  
(Power Plant Project of Rumaila)

Dear Sir,

It is really admiring that your great team complete the shipment of the heavy equipment of 34 pkgs to the power plant project as per company commitment time deadline. I must appreciate Nahj Al Rawan on their achievement, you and your team has done a remarkable work. These days we have notices that most process are finished according to the time frame. While having such a busy schedule, it was really commendable that you managed to complete the special approval from different Iraqi government concern sectors, levy exemption process, customs clearance, port handling and delivery to the final destination, whole process within less than 10 days. I also feel proud to be linked with you in the process. I am very happy to be apart of this shipment and feel great sense of achievement.

This had been a successful shipment for all of us with your sincere efforts and hard work. You have really done a great job. Congratulation from all of us!
